We want to welcome you to the 8th Annual Black Canyon Ultras! We've put together this crew manual to make your race day experience as smooth as possible. This race has some great features for crews which should make taking care of your runner easy and fun. We will cover some basics of the course layout, which aid stations you can access, aid station directions, and ask that you follow our safety rules. Each aid station does have an aid station captain who is ultimately in charge if there are any questions on race day.

The Black Canyon Ultras take place on approximately 62 miles of the Black Canyon Trail from north to south, paralleling the Interstate 17 freeway on a combination of single track and old jeep trail. Both the 100K & 60K races will start at Mayer High School in Spring Valley, AZ. The 60K race will finish at the Black Canyon City Aid Station while the 100K runners will continue to their finish at the Emery Henderson Trailhead in New River, AZ.

Crews will travel down a series of dirt roads that crisscross the run course and the I-17 freeway to access aid stations. The dirt roads are accessible by passenger car, but please exercise caution on these roads.

Crew-accessible aid stations at Bumble Bee Ranch and Table Mesa are located on sections of the Black Canyon course that cross the dirt roads you will be driving on. We ask you exercise extreme caution as you travel along these roads and look for signs and aid station volunteers cautioning traffic of the crossings.

IMPORTANT: We ask that all crew vehicles park in the areas indicated and highlighted on the maps below. There will be ample parking at both Bumble Bee Ranch and Table Mesa. Please do not park on the side of the road as this will help keep the road as clear as possible for other traffic and emergency vehicles on race day.

The Black Canyon City aid station will be located in the dirt parking lot (Rock Springs Village) behind Rock Spring Café. This will allow crews much easier access to this aid station, better amenities, and a larger area to spread out and help crew your runner. Please DO NOT park at the Black Canyon Trailhead and follow the directions to the main crew and 60K finish line area.

There are dining options in Black Canyon City at the Black Canyon City Aid Station (Rock Springs Café) as well as Anthem near the finish line. Each finish line will also feature Freak Brother’s wood-fired pizza!

The finish location for the 100K will be hosted at the Emery Henderson Trail head. However, race management in cooperation with the Bureau of Land Management has restricted parking at the finish by any crew, runner, or spectator.

NO PARKING will be available at the 100K finish line at Emery Henderson or on New River Road for crew.

FREE Shuttles are provided to all crew, spectators and runners.

All crew wishing to attend the event at 100K finish line must park at the Anthem Outlet Mall in the event designated parking area to board the buses traveling to Emery Henderson. THERE ARE NO EXCEPTIONS. Any crew found parking in the Emery Henderson Parking Lot or on the road on race day risks the disqualification of their runner, parking tickets, and towing.

Shuttles are FREE for all crew and will operate for the duration of the event. Please plan ahead to bring any baggage, runner aid, coolers, chairs along with you on the shuttles. Pets are not allowed on the shuttles or at the finish line unless they are certified service animals. If you have any questions or need further information not found in this guide, the runner guide or on the website, please email me directly.

See you at Black Canyon!

Sincerely,
Jubilee Paige

Please be aware of this when you see special event & caution signage on the roadway and follow direction from volunteers with traffic control vests and Yavapai County Sheriff deputies.

5. Please be self sufficient on race day. Aid station snacks and supplies are for runners only. You may fill your runner’s pack and bottles with ice and water from our aid station, but please ask the aid station captain first for assistance.
